## SPONSORSHIPS STILL NEEDED

The following pages show the children who are currently in urgent need of sponsorship to continue their education. Thank for making a difference in a child's life for the future.

The prices are different for most children as it depends which school they attend as fees vary for Government and private schools, and whether they are day school students (All prices in A\$):

### Secondary Students

#### **Violet Kiprono Chepkeboi**

Violet is from Samburu where families are often of very low socio-economic area and her family are unable to send her to secondary school. She repeated Class 8 in 2018, with excellent results, so she would not be married and has now been brought to Narok by the Head Teacher of a girls' secondary school to continue her education Without a sponsor she will find it very difficult to follow her dreams of completing her education.

**FEES PER YEAR: \$650 (3 terms per year)**

#### **Emanuel Muchunga Wafula**

Emanuel is an orphan in the care of his Uncle, who also cares for his other orphaned siblings. Emanuel is now in Form 3 and has been put into boarding to ensure he concentrates on his school work and not be caught up in work at home.

**FEES PER YEAR: \$500 (3 terms per year)**

#### **Esther Naserian Leshao**

Esther is from a very poor family and her father has no way of sending her to secondary school. As with all young girls who finish primary school and are not able to continue their studies they are in great danger of being forcibly married or feel that is their only option. Esther works very hard in school (Form 1) and is determined to finish school with good marks to have a brighter future.

**FEES PER YEAR: \$400 (3 terms per year)**

#### **Janneffer Naserian Kalianguni**

Janneffer is from a very poor family who are unable to send her to secondary school as is in the same danger as all other girls of having no future except marriage and many children. She is doing well in school and is looking forward to finishing her studies.

**FEES PER YEAR: \$600 (3 terms per year)**

#### **Elizabeth Naisiano**

Elizabeth's father does not support her mother or her children in any way and therefore it is very difficult for her to send Elizabeth to school. She has a friend who is able to do her shopping and only needs fees to be paid. Her father will take her and force her to be married if she is not in school. She is in Form 1 in a very good private school as she does very well.

**FEES PER YEAR: \$880 (3 terms per year)**

### Mary Lenkoko

Mary is now in Form 1 and is doing very well. Mary's father has 3 wives and many children and is not willing to help Mary complete her education. She has a sponsor for her fees but needs help with her shopping and school supplies.

**REQUIREMENTS PER TERM: \$100 (3 terms per year)**

### Glen Aaron Otieno

When Barbara visited one of the top Boys' Secondary Schools in Kenya, she found two young men who had passed with very high marks their Class 8 but had no hope for attending Secondary School.

Glen had come with his grandmother to join Form 1 but had no money for fees and very little for shopping. A friend who was taking his boy also to the school saw this young man and gave him a small amount to finish his shopping and requested the Principal to allow him to attend the school. He is currently always in the top 20 of his class with A's and B's.

**FEES PER YEAR: \$880 (3 terms per year)**

### Stephen Kennedy Otieno

Stephen was part way through Form 3, 5 years ago when both his parents passed away and he had to live with his grandmother and had to leave school because she had no way to pay his fees. To support them he took on various jobs and was working as a servant for a local business man who recognised his ability and sent him once again back to Class 8 in primary school. Unfortunately as he was to attend secondary school this man left for a different town and he was once again left out of school. He returned to his grandmother and rather than stay out of school returned again the following year to Class 8 where the teachers cared for his needs as much as possible. Sadly his grandmother passed away and he no longer had any family to care for him. The teachers of the school bought him a uniform and brought him to Kanga Boys however, the Principal turned him away as he had no fees or any help at all. The Head Teacher saw his potential and quietly let him attend school. When Barbara met him he had only 2 pens to use in school and very few personal effects or school needs. Stephen is now top of his class with straight A's. He has no home and no one to care for him but a kind man who works in the Mara has taken him into his own home during holidays.

**FEES PER YEAR: \$880 (3 terms per year)**

### Eurelia Akinyi

Eurelia was to go to Form 1 in 2018 as she had the top marks in her local Primary School but unfortunately she has no father and her mother is disabled and has no way of caring for her needs (she currently stays with her aunt). She has been able to get a sponsor for her school fees and is now in Form 1 and is doing very well. She needs help with her shopping and school supplies.

**REQUIREMENTS PER TERM: \$100 (3 terms per year)**

## Primary School Students

### Jane Nankine Mempe

Jane's father passed away when she was quite young and her mother struggles to ensure her 4 children are in school. Jane is in Class 5 and her mother asked KINI to support her to put Jane into boarding school to take her away from the problems experienced living in the Manyatta for a young developing girl. Jane does well in school and we are confident being in the school she will improve and look to a better future.

**FEES PER YEAR: \$430 (3 terms per year)**

### Odari Gedion

Odari is a beautiful young boy now in Class 2. He has been with KINI since we first opened a small school in 2012. The first few years he struggled but is now doing very well in boarding school.

Kakenya is in Class 7 and is working hard for a good result next year for her final year in Primary. **FEES PER YEAR: \$50 (3 terms per year)**

### Maxwell Kiplagat

Maxwell is a very bright boy in Class 3. Sadly his mother is not able to care for him as she has a mental illness and he has been left to care for his younger siblings and roam the streets of the small town. A local business man has taken him into his home and KINI has agreed to share his care with providing education expenses. A bright boy who deserves a bright future.

**FEES PER YEAR: \$50 (3 terms per year)**

### Nasayio Ruth Ranka

Ruth is only 6 years old and in kindergarten. Ruth's father passed away last year leaving 3 wives and a large number of children. Sadly Ruth's mother is not well and has no way of obtaining money to care for the children. Visiting her home we found they have no food in the home and rely on the goodwill of relatives and neighbours. We have placed Ruth in a private school where she is able to have a good meal for lunch each day.

A large number of the children are partially supported which means KINI pays 50% of fees and where parents or guardians are able, they pay the remainder. Some children, because of very poor circumstances, especially where aged grandparents are responsible for their fees, have their full fees paid.

**FEES PER TERM (Due 1 September, 1 January, 1 May): US\$250**

Kevin came to live with Barbara 5 years ago as being an orphan, there was no one willing to pay his school fees or care for him. Kevin completed Secondary School in 2017 and is now studying Information Technology at a University in Nairobi (thus living expenses are quite high). This course will last a further 2½ years.

### Jairus Onderi

**\$120 per month living expenses**

**FEES PER YEAR: US\$300**

Jairus is an orphan and after his brother's death had nowhere to go and has been with Barbara now for 5 years. As book learning wasn't his forte he has now started an apprenticeship as a mechanic and is enjoying the challenges and learning much, very proud to be able to do some work by himself. Apprentices are not paid in Kenya and you must pay the employer for the privilege of teaching. The course is for three years and when he is finished will have all relevant papers to become employed or start his own business.

### Diana Partingori

**\$380 per term (3 terms) Certificate Course 2019**

**\$380 per term (3 terms) Diploma Course 2020**

Diana is currently studying *Early Childhood Development* (Certificate) and is doing well. She comes from a family where the father passed away in 2018 and has left three wives and many children to be educated. Sadly Diana's mother is very unwell and is not able to cater for Diana's fees. KINI has given Diana opportunity to go to College so she would not be married off and to enable her to work and help her mother in the future caring for her siblings.

### Felix Otieno

**\$200 per term (3 terms per year) 2 year course (Mechanics)**

Felix completed Class 8 in 2017 and his family were unable to send him to secondary school. Without a skill he would not be able to help himself or his family in the future. All holidays he works for KINI helping with gardens and any other work to be done. Felix is keen to learn and is very much enjoying learning Mechanics. This will give him a good foundation for his future and to help his family with his younger siblings

### Emmanuel Saruni

**\$450 Module 1, \$300 each Modules 2-4**

Emmanuel is a very humble young man from the local manyatta who completed 4<sup>th</sup> Form in 2018 and always dreamed of being a Guide in the local Parks. His mother struggles to ensure all her children are in school and has made sacrifices to ensure he has all the Maasai attire he needs as he is studying Guiding at a local Guiding School. This is for 4 terms and he will be finished mid 2020.
